

# 2016-10-27

Present: Digit Project Manager  
Ethan Marrs  
Nathan Begbie

## Ethan

Recap: showed the sketches

Demonstrated

- Open Question Order
- Showed what the question will look like
- Timeline

Under the label for a form - give an example

Question around moving users into new grade

Need to add a class attribute to the students to better reflect current system.

How can I create better flow?  
Something at the bottom

Client mad impressed.

## Nathan

Demo'd the toolbar

- Inserting images functionality added
- Toolbar still in progress
- Backend optimizations still incoming
- Explained text box vs inline text
- Client mad impressed

Feedback

- Color scheme needs reworking

Question around Wolfram Alpha integration with prototype

- Explained that it is possible, but not in scope the project.
